# **Project Description**

High Reliability Organization (HRO) is an organization that experiences fewer than anticipated accidents or events of harm, despite operating in highly complex, high-risk environments. Our department's purpose is to work toward the goal of making SFVAMC a highly reliable organization by committing to zero harm and provide excellence to every patient every time. HRO department creates and disseminates a variety of flyers to staff for these purposes by educating staff on current projects HRO department is working to improve as well as safety stories for inspiration. We need help in creating a better visual design template for these flyers.
